

# CENGAGE LTI ULEARN INTEGRATION

The Cengage LTI ulearn Integration allows Cengage to send student grades for assignments from the publisher website directly to the ulearn Grade Center. This user guide will show you how to sync your Cengage course with your ulearn course.

Note: Build your course in Cengage using the publisher's website. After the course is built, then the course can be connected to a ulearn section. For help building a Cengage course and other topics, please refer to the following user guides on the Cengage website:

6. Scroll down and enter the **course name** and **details** of the section you want to create. Click **continue** when finished.

The screenshot shows a form for creating a course section. It includes a text input for 'Course Name \*' with the placeholder 'My Course Name'. Below this are two date pickers for 'Start date \*' and 'End date \*', both with the placeholder 'mm/dd/yyyy'. At the bottom is a dropdown menu for 'Time zone \*' currently set to '(-05:00) Eastern Time - New York City, Brooklyn, Queens, Philadel'.

7. The Cengage course is linked to your ulearn course section. The next time you go to **Build Content** and select **Cengage Course Tool**, you will see your linked course in Cengage.

The screenshot shows a Cengage course card for 'Financial Accounting - 5th Edition'. It includes a book cover image, the title, authors (Jay S. Rich, Jeff Jones, Linda Ann Myers), ISBN-13 (9780357132692), availability date (4/22/2022), platform (CengageNOWv8), and license type (Student Purchase Required). A 'SELECT CONTENT' button is visible on the right.
