

EDIT A WIKI PAGE

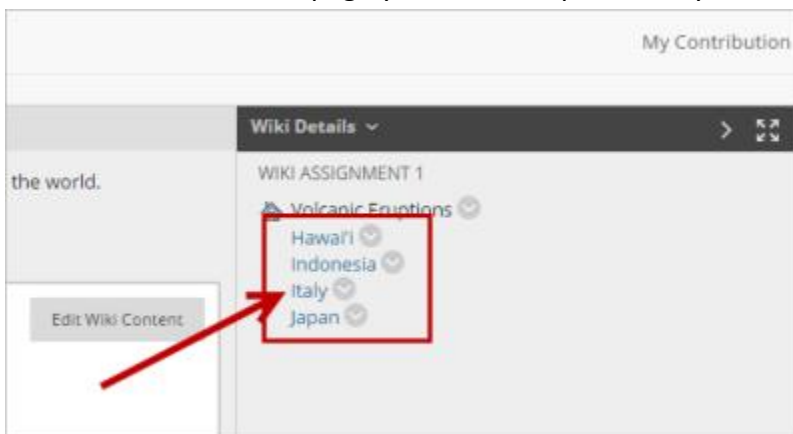

In some courses, you are required to edit an existing wiki page. You can add, modify, or delete content on the page.

Instructions

1. Navigate to the wiki assignment in the content area folder or link on the left side menu.

2. When you open the wiki homepage, you see a list of all of the pages on the right side of the screen. Choose the page you want to upload to by clicking on the title of that page.

3. Select **Edit Wiki Content**.

4. You can now edit the content of the wiki using the content editor.
